Subject: Application for approval of emergency leave taken on February 25, 2026.

Dear Sir,

I am writing to formally request approval for an emergency leave of absence taken, February 25, 2026.

Regrettably, I received news late February 24,2026 (Tuesday) night regarding the passing of my uncle. Given the sudden circumstances and family obligations, I had to travel immediately to be with my family, which prevented me from reporting to work yesterday.

I returned to the office February 26, and am fully committed to completing any pending assignments. I appreciate your empathy regarding this personal matter.

Thank you for your understanding.

Sincerely,
